

534 UNPAID MEAL CHARGES

I. PURPOSE

The purpose of this policy is to ensure that students receive healthy and nutritious meals through the school district's nutrition program and that school district employees, families, and students have a shared understanding of expectations regarding meal charges. The policy seeks to allow students to receive the nutrition they need to stay focused during the school day and minimize identification of students with insufficient funds to pay for school meals as well as to maintain the financial integrity of the school nutrition program.

II. PAYMENT OF MEALS

- A. Each student is issued a lunch account where the balance is separately accounted for within a family account. Households shall prepay for meals (breakfast and lunch). Parents/guardians may load meal accounts by sending funds to the school office in an envelope with child's name labeled lunch account money or by paying online using the district's online fee payment application.
- B. If the school district receives school lunch aid under Minn. Stat. § 124D.111, it must make lunch available without charge to all participating students who qualify for free or reduced-price meals regardless of account balance.
- C. A student with an outstanding meal charge debt will be allowed to purchase a meal if the student pays for the meal when it is received.
- D. The school district may provide an alternate meal that meets federal and state requirements to a student who does not have sufficient funds in the student's account or cannot pay cash for a meal. Sufficient funds is defined as having a positive meal account balance. The school district will accommodate special dietary needs with respect to alternate meals. The cost of the alternative meal will be charged to the student's account or otherwise charged to the student.
- E. When a student has a negative account balance, the student will not be allowed to charge a snack item, ala carte item, extra milk, or juice.
- F. If a parent or guardian chooses to send in one payment that is to be divided between sibling accounts, the parent or guardian may specify how they wish funds are to be distributed to the students' accounts. The Food Services Funds Administrator reserves the right to distribute funds among sibling accounts as deemed appropriate. If the Food Service Funds Administrator makes such

appropriation, parents/guardians will be notified of such actions along with justification.

III. LOW OR NEGATIVE ACCOUNT BALANCES – NOTIFICATION

- A. The school district will make reasonable efforts to notify families when meal account balances are low or fall below zero.
- B. Families will be notified of an outstanding negative balance once the negative balance reaches -\$5.00. Notification will be by letter. An additional notification via phone will be made if negative balance reaches -\$10.00. Families will be notified by an administrator if the negative balance reaches -\$20.00.
- C. Reminders for payment of outstanding student meal balances will not demean or stigmatize any student participating in the school lunch program.

IV. UNPAID MEAL CHARGES

- A. The school district will make reasonable efforts to communicate with families to resolve the matter of unpaid charges. Where appropriate, families may be encouraged to apply for free and reduced-price meals for their children.
- B. The school district will make reasonable efforts to collect unpaid meal charges classified as delinquent debt. Unpaid meal charges are designated as delinquent debt when payment is overdue, the debt is considered collectable, and efforts are being made to collect it.
- C. Negative balances from one school year will carry over into the subsequent school year. Any payments made to the account shall first be applied to any outstanding balance the family account has.
- D. The school district may not enlist the assistance of non-school district employees, such as volunteers, to engage in debt collection efforts.
