Good afternoon this is Ryan Baron from Tri-County Schools with some important messages,

The first message is in regard to face coverings and masks. The State of Minnesota currently requires students in grades K-12 to wear face coverings while in school and riding the bus. We ask that you please continue to ensure your children have clean face coverings each day school is in session. We want to finish out the school year safe and healthy.

The second message is in regards students coming to school in the morning. Doors currently open at 7:50 am to ensure that staff are here and ready to supervise students. We ask that families please do not drop off students prior to that time. Again, that time is 7:50 am.

Lastly, the USDA has given districts the option of providing meals throughout this summer, free of charge, to all students. Tri-County is currently looking at the option of offering meals this summer to students age 2-18 in the district or who attend school at Tri-County. Meals in the city limits of Karlstad would be grab and go and meals outside the city limits of Karlstad would be delivered. In order to determine if this program is viable, we are asking that any families that would be interested in receiving free meals this summer for their children, to fill out the survey found at the following link by **Tuesday, April 28**:

Please feel free to contact the District Office at 218-436-2261 if you have any questions. Thank you to all our Tri-County families for making this a safe, healthy and successful school year so far.
